

Dear FCC: I respectfully urge the FCC to reject the NAB's petition 04-160. Please support XM's ability to provide the kind of programming that my friends and I pay for! I will notify my fellow members of the American Postal Workers Union Political Action Committee that our right to receive local traffic and weather satellite broadcasts has apparently been jeopardized for political reasons! Please know that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear! Respectfully, David A Caputo
